

TRANSCRIBERS FAQ

How can I transcribe for The Transcription Studio?

Click on Transcriber Application Form in this section and FAX to: 818.846.8973.

How much can I make?

Generally \$400 to \$600 per-week if you accept a good amount of work, but it also greatly depends on our workflow. Those who excel at As-Broadcast and Combined Continuity can make more.

How often do I get paid?

We send out checks twice a month. Usually at the end of the 1st and 3rd weeks.

What are your Transcription Standards?

Very high. You have to be 99% accurate. We immediately dismiss those who cannot or choose not to reach this standard.

What about your Voice Recognition Technology? The TTS-VRS.3?

It's good but it's not perfect and we still need people to manage and proof it.

I currently work for other Transcription Companies. Is that Okay?

Yes. As long as you sign an NDA (Non-disclosure agreement).

Am I an Employee or Independent Contractor?

Employees if you type with us at our office, Independent contractors if you don't.

What software do I use to Transcribe?

Usually in word docs, but it does vary. Check with us.

What if I miss a deadline?

This is the worst thing you can do. Only take the work you can handle and no more.

Can I bring TTS work if I am overloaded?

Yes, we encourage this. We can help. We also will pay you 5% of any new client you bring to our attention, however, we also encourage you to honor any NDA you have signed with others. Email: Jeff@TranscriptionStudio.com for more info.
